**Other Policies, Common Courtesies and Some Advice:**

- Only students registered in Math112Z are allowed to attend, unless approved by the instructor.
- If you miss a class, it is your responsibility to get a copy of the notes from a classmate.
- If you come to class, you should arrive on time and stay until the end. In particular, you should not leave in the middle of a lecture except in a genuine emergency.
- All cell phones and electronic devices must be silenced during the class period.
- The best way to succeed in this course is to keep up with the lectures and work out the homework assignments by working with others, and by asking questions when you are at all uncertain of your understanding of the material. Please don’t hesitate asking questions to your instructor.
