

Directed Reading Program presentations I

Several Undergraduates
Emory University

Abstract: Join us to celebrate the conclusion of the Spring 2022 Directed Reading Program! Students will give short presentations on what they learned, covering a wide range of topics in pure and applied mathematics.

Speakers and topics for part I:

1. Hayden Truong, *Commutative algebra* (Mentor: Ariella)
2. Meg Ruder, *Number theory* (Mentor: Shilpi)
3. Ezra Arovas, *Sports analytics* (Mentor: Chris)
4. Zoe Ji, *Math for computer graphics* (Mentor: Abbey)
